BETTER DIG TWO

I told you on the day we wed / I was gonna love you til I's dead / Made you wait til our wedding night / That's the first and the last time I'll wear white // So if the ties that bind ever do come loose / Tie them in a knot like a hangman's noose / 'Cause I'll go to heaven or I'll go to hell / Before I'll see you with someone else // Put me in the ground / Put me six foot down / And let the stone say // Here lies the girl who's only crutch / Was loving one man just a little too much / If you go before I do / I'm gonna tell the gravedigger that he better dig two // It won't be whiskey, it won't be meth / It will be your name on my last breath / If divorce or death ever do us part / The coroner will call it a broken heart // So put me in the ground / Put me six foot down / And let the stone say // Here lies the girl who's only crutch / Was loving one man just a little too much / If you go before I do / I'm gonna tell the gravedigger that he better dig two // Dig two // I took your name when I took those vows / I meant them back then and I mean them right now / Oh right now // If the ties that bind ever do come loose / If forever ever ends for you / If that ring gets a little too tight / They might as well read me my last rites // And let the stone say // Here lies the girl who's only crutch / Was loving one man just a little too much / If you go before I do / I'm gonna tell the gravedigger that he better dig / There'll be a stone right next to mine / We'll be together til the end of time / Don't you go before I do / I'm gonna tell the gravedigger that he better dig two // I told you on the day we wed / I was gonna love you til I's dead

DONE.

You've been wearing that crown and tearing me down / It's been a while since you treated me right / You strung me along for far too long cause I never gave up the fight / Until now / It's gonna hit you hard til you see stars / It's gonna put you through a world of hurt / Oh I don't believe in getting even but getting what you deserve / Oh my, Oh my // Mama always told me that I should play nice / She didn't know you when she gave me that advice / I'm through with you / You're one bridge I'd like to burn / Bottle up the ashes, smash the urn / I'm through with you / LA DEE DA / I don't wanna be your just for fun / Don't wanna be under your thumb / All I wanna be is DONE. // You crossed the line too many times / I'm gonna put you in your place / You play with dynamite, don't be surprised / When I blow up in your face / Oh my, Oh my // Mama always told me that I should play nice / But she didn't know you when she gave me that advice / I'm through with you / You're one bridge I'd like to burn / Bottle up the ashes, smash the urn / I'm through with you / LA DEE DA / I don't wanna be part of your fun / Don't wanna be under your thumb / All I wanna be is DONE. // With your selfish ways / And all the games you play / I'm through with you / And everything you say // Mama told me that I should play nice / She didn't know you when she gave me that advice // Mama always told me that I should play nice / But she didn't know you when she gave me that advice / I'm through with you / You're one bridge I'd like to burn / Scatter the ashes, smash the urn / I'm through with you / LA DEE DA / I don't wanna be your just for fun / Don't wanna be under your thumb / All I wanna be is DONE. / All I wanna be is DONE. // I wanna be DONE.

DON'T LET ME
BE LONELY

PIONEER

Pi-o-neer / ˌpiəˈni(ə)r/ (noun): YOU

I need a saving grace / A hiding place / I don't have forever or time to waste / So don't let me be lonely // I wanna shake this winter coat off my sleeve / Dust off a record and just be free / Oh don't let me be lonely / No don't let me be lonely // When you're young / You can fly / But we trip on clouds 'cause we get too high / We grow up / And then it's gone / Oh God only knows what we'll become // So don't let me be, let me be, let me be lonely tonight / While we're young and alive / Take the keys to my car and the keys to my heart and just drive / Oh don't let me, let me be lonely // Well the night rolls on like a long lost friend / Til the sunrise bleeds like the bitter end / Don't let me be lonely // Well there's nothing to hide and nothing to prove / Give me all that you are / You've got nothing to lose / Just don't let me be lonely / No don't let me be lonely // So don't let me be, let me be, let me be lonely tonight / While we're young and alive / Take the keys to my car and the keys to my heart and just drive / Oh don't let me, let me be lonely // No / Don't let me be // When you're young / Life's a dream / It's a beautiful and a burning thing / We grow up / And then it's gone / But the memory goes on and on and on and on and on and on // Don't let me be, let me be, let me be lonely tonight / While we're young and alive / Take the keys to my car and the keys to my heart and just drive / Oh don't let me, let me be lonely // Don't let me be lonely

Oh Pioneer / I sing your song / It's the hymn of those who've gone before and those who carry on / Pioneer / Your work is hard / But the future of us all rests on the shoulders of your heart // Where are we going / Oh I don't know / But still I've got to go / What will become of us / Oh I don't care / All I know is I'll go anywhere / Pioneer // Oh Pioneer / So young and brave / Be careful of the careful souls who doubt you along the way / Pioneer / You orphaned child / Your mother is adventure and your father is the wild // Where are we going / Oh I don't know / But still I've got to go / What will become of us / Oh I don't care / All I know is I'll go anywhere / Pioneer // Let your heart not be troubled // I won't run when bullets chase me / I won't rest where arms embrace me / I will love when people hate me / I won't hush, no you can't make me / Send the dark but it won't break me / You can try but you can't change me / Take my life, they will replace me / I won't hush, no you can't make me / I won't hush, no we will sing // Where are we going / Oh I don't know / But still I've got to go / What will become of us / Oh I don't care / All I know is I'll go anywhere / Pioneer // Let your heart not be troubled

FOREVER MINE NEVERMIND

FEATURING BRAD PAISLEY'S 'GREATEST GUITAR SHOW ON EARTH'

The airline lost my luggage / And the governor lost my vote / My best friend lost her innocence in her boyfriend's rowboat / Your mother lost her favorite pearls / The ones that you gave to me / I lost them when I tossed them / On the day that you lost me // Forever mine / Forever mine / Oh my / You saved my life / When you said forever / (Forever!) / Never / (Never!) // Na na / Na na na na na / Na na na na na / Na na na na na na na // I broke my bedroom mirror / And it broke my luck in two / Then my brothers broke the bad bad news that you broke the truth / So I smashed my right hand open / When I smashed the nose on you / 'Cause you smashed my heart when you did what you said you'd never do // Forever mine / Forever mine / Oh my / You saved my life / When you said forever / (Forever!) / Never / (Never!) / Mine / Nevermind / Oh my / You must have lost your mind / When you said forever / That you could do better / Never! // Na na / Na na na na na / Na na na na na / Na na na na na na na // Oh I'll forget the day / I saw your face / I lost my way / I trusted you, I trusted / All your lovely words / They were a curse / You piece of dirt / I trusted you, I trusted you, I trusted you // Forever mine / Forever mine / Oh my / You saved my life / When you said forever / (Forever!) / Never / (Never!) / Mine / Nevermind / Oh my / You must have lost your mind / When you said forever / That you could do better / Never! // Na na / Na na na na na / Na na na na na / Na na na na na na na // The South lost the battle / And children lose their youth / The best day of my life was on the day that I lost you

NIGHT GONE WASTED

You can find my face where the moon light lingers / Cause it's Friday night and it's as hot as ever / My heart is banging to the beat of the band / Me and my pals we got scars from the week / But now we're all getting loud and we're moving our feet / As we do our best to let things get out of hand // It's a night gone wasted again / I'm making up with my enemies and loving my best friends / Well well well / It's the best medication to make the whole wide world go 'round / It's a night gone wasted / Oh yeah // All of our eyes they've got rings of fire / Cause we're burning time like there's no tomorrow / It's gonna take a while to blow off a week's worth of steam / Tell your sweet mama not to worry her pretty little head / I'll have you home soon and then I'll tuck you in bed / But until then let's do our best to get out of hand // Man oh man // It's a night gone wasted again / I'm making up with my enemies and loving my best friends / Well well well / It's the best medication to make the whole wide world go 'round / It's a night gone wasted / Oh yeah // Oh what a riot it's been / I'm gonna save up some more money to spend on another night // Well well well / It's the best medication to make the whole wide world go 'round / It's a night gone wasted tonight / Alright / We're going out tonight

WE ARE PIONEERS

I SAW A LIGHT

Well I never felt nothing like I did tonight / You had the face of a boy that I met in a dream one time / Some happened when your eyes met mine // Maybe it was just the way the wind blew / Maybe it was God and his / That I, I found you // I saw a light / I heard a bell / You were the very best feeling that I ever felt / And suddenly light / I saw a light // I still can't believe someone left you laying around / Something precious like you should home and done nothing tonight / What if you had looked left and I had looked right / For once in our lives we saw a light / I heard a bell / You were the very best feeling that I ever felt / And suddenly you are standing here, Somebody told me when I was younger / Chance is like lightning / Love is like thunder / So I walked right over told me when I was younger // I saw a light / I heard a bell / You were the very best feeling that I ever felt / And / The thunder in my heart it tells me you are mine / I saw a light / I saw a light

MOTHER LIKE MINE

She's the sky that holds the clouds / She's the lady of the house / A blind believer in all I dare to be / shoulder of her white night gown / Oh I've got the best and the worst of her in me / I'd share her if I could she'd raise us all as friends / And no one would ever wonder if somebody wanted them / We'd walk on all be freer / If the world had a mother like mine // She's our father's one great love / She's the one he of the house I grew up in / She takes the midnight call / She's the bravest of us all / And she sings in the Oh the wars would all be over / 'Cause she'd raise us all as friends / And no one would ever wonder if easier / And our dreams would all be deeper / If the world had a mother like mine // Don't go away / Don't a helping hand / But I have to say // She's the sky that holds the clouds / She's the lady of our house / We the wars would all be over / 'Cause she'd raise us all as friends / And no one would ever wonder just how that's greener / And the dishes would all be cleaner / If the world had a mother like mine // Oh like mine

heard it thunder and so did I / I swear it Son too / But in that moment I know that I knew you are standing here, mine all mine / I saw a have already been found // What if I'd stayed were both on time / And now I found you // I mine all mine / I saw a light / I saw a light // / Asked for your number / Cause somebody suddenly you are standing here before my eyes

There's no safer place I've found / Than the // Oh the wars would all be over / 'Cause grass that's greener / And our cares would wanted most / She's the light in the window garden that she let's her hair down in // somebody wanted them / Tonight would be go away from me / Oh I understand / She is all need her / But no one more than me // Oh, much she wanted them / We'd walk on grass

CHAINSAW

We scratched our names / In that oak tree / 'Cause I loved you / And you loved me / A jagged little heart so the whole town knew it / Carved into the bark with an arrow through it / I came out here to see it one more time // And I got my chainsaw / Oh you know it's got to go, it's such a shame y'all / But I ain't gonna be happy until those names fall / And I'm sittin' on a stump // Love is shady / Love is tragic / It's hard to bury the hatchet / Holdin' a chainsaw // I guess all those years / They don't mean a thing / Now I can't wait / To count those rings / Nothing left of us but dust and splinters / A big pile of wood to keep me warm through the winter / 'Cause I don't have you // But I got my chainsaw / Oh you know it's got to go, it's such a shame y'all / But I ain't gonna be happy until those names fall / And I'm sittin' on a stump // I remember what you said that night / That you hard to bury the hatchet / Holdin' a chainsaw // We wrote forever with a pocketknife / But forever's goin' down tonight // I got my chainsaw / Oh you know it's got to go, it's such a shame doll / But I ain't gonna be happy until those names fall / And I'm sittin' on a stump // Love is shady / Love is tragic / It's hard to bury the hatchet / Holdin' a chainsaw

I'M A KEEPER

Blue eyed Susans / Standing in a domino line / Falling in and out of love all the time / They'll break your heart just to see a boy cry / But not me / I am a brown eyed loner / I march to my own drummer / I'm a piccolo owner and the labor of my mother's love / Honey you'd be a load off her mind // But with or without you / My only plan is to be free / With or without you / I'm still me // I'll join a band and sing like a canary / Get out of here and change my name to Cherry / And every night I'll thank Holy Mother Mary / I am a keeper / Oh I am a keeper baby / I am a keeper // Long stem roses / Standing in a vase by my bed / Standing tall like the dreams in my head / I'm not gonna live in this house 'til I'm dead / I like you a lot / 'Cause you're different a little / You got answers to my riddles / Your daddy is a pistol / And you are a son of a gun / I could be the daughter that he never wanted // But with or without you // I'll buy a farm at the edge of the prairie / Live off the land and change my name to Cherry / And every night I'll thank Holy Mother Mary / I am a keeper / Oh I am a keeper baby / I am a keeper // With or without you / My only plan is to be free / With or without you - baby // I'll buy a sword and join the military / Cut my hair and change my name to Cherry / And every night I'll thank Holy Mother Mary / I am a keeper / Oh I am a keeper baby / I am a keeper / I am a keeper baby

BACK TO ME WITHOUT YOU

I wanna wake where I was born and breathe the old air in / I need a haunt from a ghost that I knew way back then / Oh I hope they left the light on // I want someone who knows me just to say my name / To tell me though things are different now somehow I'm still the same / Oh I can almost hear them calling // I don't know if I'll be back again / Turns out they were right again / (Get back to what you know / Get back to what you do) / Gotta get back to me, ooooo / If it's true home is where the heart is / I guess now I'm homeless / (Get back to what you know / Get back to what you do) / Gotta get back to me without you // For two years I've lived my life way out on a limb / I put my faith in you not knowing you would break in the end / I hate feeling fallen // I don't know if I'll be back again / Turns out they were right again / (Get back to what you know / Get back to what you do) / Gotta get back to me, ooooo / If it's true home is where the heart is / I guess now I'm homeless / (Get back to what you know / Get back to what you do) / Gotta get back to me without you // Ooooooh / Ooooooh // I added rain to your ocean / What did it do, it meant nothing to you / You made grief my chief emotion / Why'd you have to do what you thought you had to do // I don't know if I'll be back again / Turns out they were right again / (Get back to what you know / Get back to what you do) / Gotta get back to me, ooooo / If it's true home is where the heart is // I guess now I'm homeless / (Get back to what you know / Get back to what you do) / Gotta get back to me without you // The slow death of a slow dance / The tailspin of a romance / I gotta get back and breathe the old air in

END OF TIME

Here I am standing firm / As the ground shakes beneath me / I send you away with my own hand / I try and try to remember that for now it's for the better / But there's a Southern kind of tragic blowing in / And it feels like the beginning of the end // Well the Alabama moon fell from the sky / And the sweet tea wells ran dry / Somewhere out there you're finding yourself / But back home it's the end of time // I'm scared to death / Pick up your phone / Outside I hear the bells ringing / Bringing ruin to all that we have ever known / Pick up your phone / I need an answer / Come home and call off disaster / 'Cause I fear tonight our Cotton Land might fall / Oh I'm cracking like the plaster on the wall // Well the Alabama moon fell from the sky / And the sweet tea wells ran dry / Somewhere out there you're finding yourself / But back home it's the end of time // It's the end of time / Is it the end of all time / Or just the end of mine // Well all of the cotton died in the fields / The little babies cried the blue from their eyes / Somewhere I'll bet you're living it up / But come home before the end // The Alabama moon fell from the sky / And the sweet tea wells ran dry / Somewhere out there you're finding yourself / But back home it's the end of time // Come home and be mine / Come home, come home

 Bon, Wendi, Nate, Ann-Carter, Paxton, Fitz, Boone, Andy,

Jeb, Kenny, Earl, Jon, JB, Travis. You cut down weeds, tame
 wild animals, and dig deep to make a way for us and our music every day. 'Til we're the last ones standing! // Thank you to Dann - the toughest,
 classiest, most encouraging guy we know. Like a true Pioneer, the future of us all rested on the shoulders of your heart and you made the impossible
 happen. We are forever indebted. // Thank you to Rick for making our dream of working with you come true. Some kids grow up wearing Superman
 capes and Batman masks, we just wanted a beard like yours! You are a hero. // Thank you Country Radio for giving us a voice and for helping us
 find a home on your coveted airwaves. Thank you to all of you who have invited us to play on your stages, every night is more fun than recess! //
 The one thing we hope you take away from Pioneer is this: There is still so much to be discovered. So many things to be made. There is still so much
 good to be done. And so many songs to sing. You've got to say what you were put here to say (#WeWontHush). You've got to do what you were put
 here to do. You've got to be who you were put here to be. // In this package you will find two stickers. One is for you to put on your wall, your tuba
 case, your car bumper - wherever you wish. The second is for you to give away. Give it to your best friend, (or even better) give it to your enemy.
 Put it on a light pole, put it in a bottle and throw it in the ocean, put it on a postcard and mail it to China. Spread the word about the movement...the

 of your faith develops perseverance. Let perseverance finish its work so that you may be mature and complete, not lacking anything." James 1:2-4
